

AD Garage is a concept of ADI, aimed at reaching a higher level of cooperation between distributors and garages, resulting in better quality of customer service.

The international network of AD Garage consists of more than 4 600 garages, continuously striving for perfection, relying on qualified mechanics and expanding its network, giving the customers fast and complete service.

In order to monitor the quality level of AD Garage, AD International creates its own certification: "Authorized Repairer - by Auto Distribution International".

The quality and effectiveness of the service of AD Garage is a main topic of the ADI concept. This is the reason why every service, provided by an AD Garage has a 24-month international warranty both of service and parts.

Advantages of being an AD Garage:

1. Membership in the renowned European family of AD Garages – over 4 600 garages across Europe
2. Preferential prices, delivery and payment conditions of purchased goods from Auto Hit Ltd.
3. Access to technical information issued by AutoDistribution International, which will be of great use to your service activity.
4. Regular trainings and seminars, including visits to the Main Training Centre of ADI in Spain
5. Certification Eure!Car – a certificate for master class
6. Technical hotline for solving problems, occurred during repairing (direct connection with the Training Centre in Spain)
7. Opportunity to purchase service equipment and instruments on preferential prices
8. Customers of Auto Hit Ltd will be directed to your garage
9. You will be included in the catalogue of AD garages from Europe and Asia.
